- H & T/Pipeline connection
- Hiring & Training Committee mtg. to be held 5/15. Please attend – can be on more than one committee. What should Pipeline be / what should H & T be? Pipeline sets up H & T.
    - Rick Murphy is H & T Chair and sits on Pipeline committee. He can act as point person for Pipeline.
    - Should there be a sub-committee for recruitment?
    - Use of FAME website for job postings:
      - a. Need reminders so employers post jobs
      - b. Applicants need feedback
      - c. More user friendly for employers and applicants
      - d. Job listings per company
      - e. All FAME members should be able to view submitted resumes
- FAME Video
- Eileen, Bob and Jeannie have shown the video. It's been well received
  - Speakers Bureau training complete. DVDs available and Dropbox access.
  - Ron Golumbeck attended WECA conference, great discussions but no time for video
  - Everyone challenged to contact their area school boards to request a presentation
- Career Fairs
- MCC – Over 500 people including parents, students, and companies. Radio ads really helped. Open to all, not just MCC students. Good for branding of advanced mfg.
  - Pal-Mac – 38 companies, Gananda and Williamson came with 10 students each.
  - Wayne Tech Center/Wayne Stem – Concurrent with open house to show “what comes next” in all areas of BOCES. Well attended, plans to expand next year. More advertising, possible charge to vendors.
  - Seneca Falls, Naples and FLCC all went very well.
- MFG Day
- Eileen, Annette, Tori and Kristen met. Planning kick off, clusters of companies, mid-month event and wrap-up event. Possible kick off at FLWWTH.
  - Rick offered to make space available (one sentence) in the Silgan radio ads for tours/fairs.
  - Marketing class students YouTube videos/commercials competition with winner getting

pizza party and company tour.

School Updates

- FLCC: Every Friday night is pizza and soda for visitors. Bob Duffy will be speaking at a presentation on May 11<sup>th</sup>. Sam attended a mtg in Buffalo where speaker was Dan DiMicco, Chair of Nucor / author of 'American Made'.
- WFL BOCES: PTECH program to start in September at the high school for 9<sup>th</sup> & 10<sup>th</sup> graders.
- Wayne BOCES: FLREDC competing for grand money for AM. Michelle on a committee writing CFA for all BOCES to purchase machines that best fit local company needs. Reps from all BOCES to meet next week. Give Michelle input as to what those needs are.
- Monroe 1 BOCES: Precision mfg program has been reinstated. May present FAME video.
- Pal-Mac: Talking to companies about opportunities after graduation. Having speakers during lunch.
- MCC: STEM competition May 8, about 150 kids/9 schools. No outside funding this year, just pizza and pop. Last year for H1B grant to get precision machining or optics cert. Women in Metrology class – push for minorities/grants. Bob attended TAAC grant meet and greet. The only program at MCC that is up in enrollment is precision machining.
