

CHERYL DINOLFO
COUNTY EXECUTIVE

Dear Friend,

This year, Monroe County will invest nearly \$2.5 million in its Department of Planning and Development, which administers many of the county's economic development and workforce development programs, services and initiatives. These include several innovative programs designed to grow jobs and create a stronger local workforce.

During my time as Monroe County Executive, I have visited hundreds of businesses and manufacturers in our community, and one of the issues I hear most while visiting manufacturing companies like yours is, "I have the job available, I just can't find anyone I can hire." That is why I am partnering with local educators and workforce professionals for the 2018 Pipeline Summit.

This roundtable discussion will allow Monroe County and its partners to explain the resources available to your business as well as provide you the opportunity to share what is needed in order for your company to grow and be successful in today's economy. The event is free and will be held in the Brass Chandelier Room at the Monroe Community Hospital on **Wednesday, February 7, 2018 from 8:30 a.m. to 10:30 a.m.**

Space is limited, so please register as soon as possible. I hope to see you there!

Sincerely,

A handwritten signature in blue ink that reads "Cheryl Dinolfo".

Cheryl Dinolfo
Monroe County Executive
