A thank you to Ross Micali and MCC for hosting the meeting.

Direction of Pipeline and Training Committee Meetings:

- Should the Pipeline and Training and Hiring Committees be joined?
 - They are very different functions but seemed to become more similar
 - Many Hiring Committee members don't often attend meetings
 - Fewer business reps on Pipeline than formerly
 - We need business/education collaboration
 - Who are currently active members in each group?
- Most felt the two committees should combine in some fashion.
 - Focus on the Hiring committee every second or third meeting.
 - Make sure all minutes are posted on the FAME website
 - Should there be bylaws to be a member.
 - We should limit the committees to specific members to avoid redundancy when new people or guests attend.
 - Should there be a minimum number of meetings a member should be expected to attend each year?
- We should list accomplishments of the committees to date and determine the direction for the future.
- What are the benefits to attendance?
- Potentially do a Survey Monkey to see what the membership believes should be the direction of the Pipeline committee.

Speakers Bureau:

- Who's interested?
- Dave Phillips brought new folders to pass out when someone does a FAME speech or Career Fair
- Update video
- How do we best use EduFactor Materials
- Create a new outline for speakers.
- Do another speakers training

STEAM Camp – FLCC

- March 16, 2017 Women in STEM for Middle School students

SAME:

- Could we create a second year?
- Companies could create an Explorer Post.
- How do we get more companies interested?
- Typically done one or two nights/month in the evening or on a Saturday.
- Run by the Boy Scouts

EduFactor:

- CTE Centers will be getting access.
- 3/29 ACTE Conference to announce
- Component districts will get it next.
